Rain, Yes — But No Water

All day yesterday, Butte residents were without water for their laundry rooms and shower rooms. They went to bed last night without their customary shower.

But working all day yesterday and most of last night in the cold wind and rain and the mud, a crew from the Engineering Department finished repairs early this morning on the main water pipe supplying Butte, which broke for the third time in two weeks.

Transportation Division re-routed many of their trucks to supply the mess halls with water for cooking purposes.

Excessive pressure in the pipe, combined with the vibration of the turbine pump overworked under pressure, caused the break (continued on page 3)

DIRECTOR BENNETT EXPECTED TOMORROW

Project Director Leroy Bennett is scheduled to be back in Rivers again tomorrow after an absence of a week and a half to attend to project affairs in San Francisco, said Lewis J. Korn, acting director.

Luther Hoffman, Supervisor of Community Services Division, returned to his desk today. He accompanied Bennett.

The two were delayed by the unusual storm conditions on the coast.

Canteens Cash Personal Checks

Chief cashier of the Community Enterprises Kats Harano, revealed today to the press that hereafter, as an added accommodation to the public, a limited number of personal checks not exceeding fifteen dollars (\$15) will be cashed by the seven enterprise stores in Rivers community.

Such checks shall have at least two endorsements, together with their respective addresses, and only those approved by the store manager, assistant manager or store cashier, shall be accepted.

Cash is brought in periodically to augment the daily store sales, and senior cashiers, Jackson Sasaki of Canal, and J. Nakashima of Butte are doing their utmost to expedite these exchanges.

SOLDIER VISITS
